THE NEWS is receiving so many letters from people who expect to locate in Volusia county—all asking information—that we have been compelled to prepare a circular letter to send them, as the work of answering them personally was taking about two hours a day. We hope these people will not come here with great big ideas of planting pennies and digging up dollars an hundred-fold, because, if they do, they will be disappointed. Dollars don't grow here (or elsewhere) like Irish potatoes.

A TEST OF FRIENDSHIP.

Just before Artemus Ward's death (it is related in Recollections of the Bancrofts), Robertson poured out some medicine and offered it to the sick man, who said, "My dear Tom, I won't take any more of that horrible stuff."

Robertson urged him to swallow the mixture, saying: "Do, now—there's a dear fellow—for my sake. You know I would do anything for you."

"Would you?" said Ward feebly, grasping his friend's hand for the last time.

"I would indeed," said Robertson.

"Then you take it!"

Ward passed away a few hours afterward.

A DRY JOKE.

An English laborer in Cheshire attempting to drown himself, an Irish reaper, who saw him go into the water, jumped after him and brought him safe to shore, says *Tit-Bits*. The fellow making a second attempt, the reaper again saved him. But the laborer, determined to do away with himself, watched his opportunity and hanged himself behind the barn door. The reaper, who saw him, never offered to interfere or cut him down. When challenged for this afterward by the farmer, he answered:

"I took him out of the water twice, and, knowing he was wet, I thought he hung himself up to dry!"

AT THE OPERA.

"Out of sight in that gown, isn't she?" observed a gentleman in the balcony, pointing to Mrs. De Koltay, who occupied a front seat in one of the lower tier of boxes, says the *Bohemian*.

"Out of sight? Well, hardly. It strikes me it is the other way about," responded his companion dryly.

HIDDEN DANGERS.

NATURE GIVES TIMELY WARNINGS THAT NO DELAND CITIZEN CAN AFFORD TO IGNORE.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thin, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's disease. Doan's Kidney Pills cure sick kidneys and cure them permanently. Here is proof in the statement of a nearby resident.

J. W. Price, retired farmer, Tenth St., Sanford, Fla., says: "My kidneys were the source of great annoyance to me. The secretions contained a sediment and were so frequent in passage that I was obliged to arise several times at night. There was an intense lameness across the small of my back and backache was almost constant. Hearing of Doan's Kidney Pills, I resolved to try them and procured a box. They acted promptly and effectively and since using them I have had no backache or lameness. My kidneys have also become stronger and I do not have to arise to pass the secretions at night. I have recommended Doan's Kidney Pills to many of my friends and will continue to do so."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
